Honorable Mayor and City Council:

Attached is the proposed annual budget for Fiscal Year (FY) 2017. We are proposing a balanced budget as required by State law. It provides revenue sufficient to meet budgeted expenditures for operations, capital improvements, equipment replacement, and debt service for the next fiscal year. City Staff prepared the proposed budget in a very prudent manner that concentrates resources on the day-to-day basic services of the City such as police, fire and public works.

General Fund

The highlights of the budget for the General Fund include no proposed increase in the ad valorem tax rate. Total General Fund operating revenues are budgeted at \$8,267,180, operating expenditures are budgeted at \$8,329,836, and capital expenditures are budgeted at \$434,998. Funding for capital expenditures come from the capital reserve and not current year operating revenues.

To fund the FY 2017 General Fund Budget, we are proposing a tax rate of \$0.556599cent per \$100 of valuation. This is a decrease of \$0.005016 from the FY 2016 tax rate. The tax components are as follows: \$0.474645 for Maintenance and Operations and \$0.081954 for Interest and Sinking (I&S) Fund Debt Service. A slight increase of \$164,095 is included in the budget for Property Tax revenue which is related to higher property values. Sales tax is budgeted with a slight decrease of \$30,000 or 1.34% from FY 2016 and franchise fees reflects a slight increase due to CPS franchise fees and court revenue. On May 7, 2016 the Council approved a credit card processing fee of 5% for individuals who pay fines, fees and other related municipal court fees with a credit card. We are estimating the revenue to be generated from this fee to be \$35,000 annually.

General Fund operating expenditures for FY 2017 reflect an increase of \$371,431. A factor for the increase is the engineering fees for the Evers Road Bridge. Without this expenditure the City would have experienced an increase of only \$141,337. Other factors affecting the changes in the budget are the contracting out of the dispatch services to the City of Helotes and the reduction of the contract for the city attorney. Capital expenditures decreased \$578,960, which is attributable to the purchase of a fire engine in FY 2016 of \$480,920.

In 2005, Leon Valley voted to freeze taxes on individuals over 65 years old. This means that when an individual turns 65, the value of their home and the amount of taxes they are paying are frozen in Leon Valley. That is why there are two components to the taxable value calculation.

When calculating taxable freeze adjusted, the taxable value that is frozen must be subtracted and the dollars that are calculated for the freeze portion are then added to the amount of

dollars that the City will receive from ad valorem taxes. For FY 2017, the City will lose an estimated \$37,536,370 in taxable value or \$208,763 in revenue.

The chart below demonstrates the revenue loss from the freeze for the last four fiscal years and the estimated loss for FY 2017:

The Appraisal District lists the City FY 2017 market value as \$995,805,339, which represents a 7.0244% increase or \$65,358,286 increase over the FY 2016 tax roll. This number does not reflect exemptions or any loss to appeals.

After loss to appeals and exemptions the taxable value for FY 2017 is estimated to be \$752,166,697 and the freeze value is estimated to be \$84,030,341. Based on these numbers we are estimating a revenue increase of \$164,095 or \$3,800,000 total current year revenue for FY 2017.

Generally speaking, when property values go up the calculated effective and rollback tax rate decreases. The effective tax rate enables the public to evaluate the relationship between taxes for the preceding year and for the current year, based on a tax rate that would produce the same amount of taxes if applied to the same properties taxed in both years. Calculating the rollback tax rate is more complicated than the effective tax rate calculation. The Legislature wanted to avoid injuring the ability of a city to pay its debt service. Therefore, the rollback rate calculation splits the rate into two separate components, maintenance and operations rate and a debt service rate. The M&O portion of the rollback tax rate is the tax rate that would be needed to raise the amount the city levied in the preceding year plus eight percent.

When the City adopts the tax a rate it must be adopted as two separate components. The Maintenance and Operations (M&O) component funds the operations of the General Fund. The Interest and Sinking (I&S) component funds the debt of the City.

The following chart demonstrates the adopted tax rates for the last four fiscal years and the proposed for FY 2017:

The following chart demonstrates the actual property tax revenue for the last three fiscal years and the estimated for FY 2016 and 2017:

Our City remains in sound financial condition with good financial reserves. For FY 2017, a balance in the General Fund of approximately \$1,821,031 in the Capital Reserve Fund and \$900,000 in the Emergency Fund, for an estimated total of \$2,721,031. The Emergency Fund alone represents 6 weeks operating income.

The following chart demonstrates the changes in the fund balance for the General Fund over the last three fiscal years and the estimated for FY 2016 and 2017:

Major budgeted items of note in the General Fund include:

\$130,000 for market salary adjustments
 \$59,248 for a 40 hour a week Deputy Fire Marshall position in the Fire Department
 \$52,685 for a Planner position for Community Development
 \$49,302 for the pool Management contract
 \$20,000 for a Human Resources paperless system
 \$4,000 for two cash counters
 \$7,980 phase one and two for security cameras in the front portion of the municipal building
 \$3,000 for fitness equipment
 \$11,000 for a flood notification siren
 \$17,500 for fencing at the Fire Station
 \$145,000 for sidewalks
 \$230,000 for engineering fees for the Evers Road Bridge. The total estimated engineering fees are \$460,000 and are allocated between Storm Water and the General Fund
 \$45,000 to purchase a paver haul trailer
 \$45,000 to replace a 1992 asphalt roller
 \$16,000 to purchase a heated tack kettle
 \$46,000 to support the July 4th Celebration
 \$12,000 for the Ciclovía Event
 \$40,000 for improvements and or equipment for Shadow Mist, Ridge, Old Mill Subdivision
 Parks and the Aquarium Detention Pond Easement Trail
 \$12,700 to purchase new books for the Library
 \$28,375 for fencing the back parking lot of the City Hall

Water and Sewer Fund

Water and Sewer Fund revenues are budgeted at \$4,095,269, operating expenses at \$4,047,768 and capital at \$196,000. Reflected in the budget is the approved rate increase that will fund the new debt issued in FY 2016 for utility projects. The revenue to retire this new debt is reflected in a user rate increase that will increase the monthly bill for customers who use 2,500 gallons of water by \$7.99 and customers who use 5,000 gallons of water a month by \$26.22.

The charts below demonstrate the increase in fees for the Water and Sewer Fund:

The following chart demonstrates the gallons of sewer treated for the last three fiscal year and the estimated for FY 2016 and 2017:

Overall in the Water and Sewer Fund operating expenses increased \$121,726 from FY 2016. The decrease is attributable to a reduction in engineer fees in the Water Division for the Well Project.

Major budgeted items of note in the Water and Sewer Fund include:

- \$73,597 additional funds for the rate increase from SAWS for sewer treatment and transportation
- \$43,000 for a vacuum trailer
- \$140,000 to purchase water rights
- \$13,000 to purchase a push camera
- \$230,000 for engineering fees for the Evers Road Bridge. The total estimated engineering fees are \$460,000 and are allocated between Storm Water and the General Fund

Other Funds

The following funds are legally restricted to expenditures for specific activities.

The Grant, Building Security, Child Safety, Municipal Court Technology, Debt Service and Police Forfeiture funds proposed budgets total \$901,079.

On November 5, 2013, the voters approved a one-eighth percent local sales and use tax to support a Crime Control and Prevention District. The Crime Control and Prevention District is a special purpose district created for the purpose of improving crime prevention. The Crime Control and Prevention District operating expenditures total \$271,571. This funds the salary and benefits for the Assistant Police Chief, two patrol officers, overtime and certification pay.

Community Center Fund operating expenditures total \$169,497. This funds the operations of the Community and Conference Centers. The capital expenditures totals \$11,500 and will fund the replacement of the exterior metal doors and awnings

Street Maintenance Tax is budgeted at \$1,242,023. A one-fourth percent local sales and use tax is collected to support this fund and may only be used to maintain and repair municipal streets that existed on the date of the election to adopt the tax.

Employee Benefits and Compensation

The budget funds the Merit Pay System, which allows each employee a 2% merit increase on their date of hire if they qualify.

The budget funds a 2 percent Cost of Living (COLA) for employees

The budget funds the continuation of longevity pay. Under this program, employees receive \$4 per month for each year of service to the City. All city employees qualify for this benefit.

The budget provides funding for the Texas Municipal Retirement System (TMRS) contribution rate. The TMRS rate will decrease as of January 1, 2017, from 14.17% to 13.11%.

The proposed budget includes funding for the City's Medical Insurance Program which provides medical, dental, vision and life insurance coverage. The program provides medical insurance to employees at no cost. Dependent insurance cost is paid for by the employee. We will come back to Council for the appropriate adjustment once we have the final numbers.

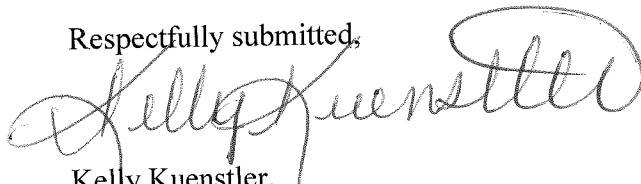

Conclusion: City Staff is committed to working with the City Council over the next months to develop the final adopted budget.

We have scheduled a series of public meetings and hearings for consideration and of the budget.

July 19, 2016	Formal presentation of proposed Budget and workshop
August 16, 2016	Budget public hearing, formal adoption of Budget and meeting to discuss the tax rate; if the proposed tax rate exceeds the rollback or effective tax rate; whichever is lower
August 31, 2016	First tax rate public hearing
September 6, 2016	Second tax rate public hearing
September 20, 2016	Vote to adopt the proposed tax rate

I would like to thank the Department Directors and City employees for their assistance in the development of this document. We look forward to discussing this budget plan with you and the community. I believe that we have developed a good budget that will provide for continued provision of quality services while also being good stewards of the resources our residents and businesses have entrusted in our care.

Respectfully submitted,

Kelly Kuenstler.

User's Guide to the Budget Document

Overview

This section is designed to assist the reader in the use and comprehension on the City of Leon Valley's Budget Document. The Annual Budget serves as a policy document, financial plan, an operations guide and a communications device. It is utilized by City Council and City Staff to monitor revenue and expenditures.

Budget Tabs

The budget is arranged in three sections that are separated by the following respective tabs. Below is a brief description on the materials found in each of the sections.

- User's Guide
- Departmental Appropriations
- Capital Acquisition Plan

Users's Guide - This section is used to provide the reader a summary of what is contained in the budget document.

Departmental Appropriations - This section is organized by department and provides the reader with a better understanding of the kind of services provided by each department. Individual department summaries contain organization chart, department description, mission statement, program narrative with accomplishments and objectives, personnel, performance measures, and department appropriations.

Capital Acquisition Plan (CAP) - This section contains the Five Year Capital Acquisition Plan organized by department. The intent of the CAP is to enable the City to make long range judgements on the needs of the City each fiscal year and apply available resources to these needs to the extent possible. The CAP is funded each fiscal year by the Available Reserve, which is the amount left in the fund reserve at the end of the previous fiscal year less the Assigned Fund Balance of \$900,000 for General Fund and \$350,000 for the Enterprise Fund.

Budget Amendments

The City Manager is authorized to transfer budget amounts between line items within a department. Actual expenditures may not legally exceed budgeted appropriations.

Budget Basis

Governmental Funds (General, Special Revenue, and Debt Service) are prepared and accounted on a modified accrual basis using a current financial resource measurement focus. Briefly this means that revenues are recognized in the period in which they are both measurable and available and expenditures are recognized when incurred.

The Enterprise Fund (Water and Sewer) are prepared and accounted for using the full accrual method of accounting for both revenue and expense similar to a commercial

enterprise. The revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

Budget Controls

Budgetary compliance is a significant tool for managing and controlling governmental activities, as well as ensuring conformance with the City's budgetary limits and specifications. The objective of budgetary control is to ensure compliance with legal provisions embodied in the annual appropriated budget adopted by City Council. The budget is adopted each fiscal year. The fiscal year for the City of Leon Valley starts on October 1st and ends on September 30th of each year. Budgetary preparation and control is exercised at the departmental level.

Accounting Basis

The Comprehensive Annual Financial Report (CAFR) shows the status of the City's finances on a basis of generally accepted accounting principles (GAAP).

Governmental funds (General Fund, Special Revenue and Debt Service) are accounted for on a modified accrual basis using a current financial resources measurement focus. Revenues are recognized in the period in which they are both measurable and available and expenditures are recognized when incurred except for interest on general long-term debt which is recognized when due. Sales and property taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time.

Enterprise Funds (Water and Sewer) have an economic resources measurement focus and use the full accrual method of accounting for both revenue and expenses similar to a commercial enterprise.

Fund Accounting

The City's accounts are organized on the basis of funds and accounts groups, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which are comprised of each fund's assets, liabilities, fund equity, revenues, and expenditures or expenses as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Fund Types

Governmental Fund Types

General Fund - The General Fund accounts for the resources used to finance the fundamental operations of the City. It is the basic fund of the City and covers all activities for which a separate fund has not been established.

Capital Projects Fund – This fund accounts for expenditures of Combination Tax and Limited Pledge Revenue Certificates of Obligation, Series 2016 that was

issued on April 19, 2016. The debt was issued for (i) construction, acquiring, renovating, enlarging, and improving the City's utility system; (ii) constructing street improvements (including utilities repair, replacement, and relocation), curbs, gutters, sidewalk improvements, drainage, and landscape incidental thereto; (iii) the purchase of materials, supplies, equipment, machinery, landscaping, land, and right-of-ways for authorized needs and purposes relating to the aforementioned capital improvements; and (iv) the payment of professional services related to the design, construction, project management, and financing of the aforementioned projects.

Debt Service Funds - These funds are used to account for the accumulation of resources for and the payment of principal and interest on general long-term debt of the City.

Special Revenue Funds - These funds are used to account for specific revenue sources which are legally restricted to expenditures for specified activities.

Community Center – This fund accounts for the expenditures of funds received primarily from a hotel-motel tax base to be used for the Community Civic Center.

Grant Fund – This fund accounts for the expenditures of funds received from various grant monies for specific programs.

Child Safety Fund – This fund accounts for expenditures for the child safety programs.

Building Security Fund – This fund accounts for revenues received from building security fees and the corresponding restricted expenditures.

Court Technology Fund – This fund accounts for revenue received from court technology fees and the corresponding restricted expenditures.

Street Sales Tax – This fund accounts for sales tax collections for street maintenance.

Crime Control and Prevention District – This fund accounts for sales tax collections for crime control and prevention.

Police Forfeiture Fund – This fund accounts for revenues received from seized assets and the corresponding restricted expenditures.

Enterprise Fund

The Enterprise Fund accounts for operations which are intended to be self-supported through user charges. The City operates water and sewer services on this basis.

DEPARTMENT DESCRIPTION AND MISSION

The City of Leon Valley will provide our community with a superior quality of life by balancing social equity, environmental stewardship, and economic development to achieve sustainability.

VISION STATEMENT

The City of Leon Valley will be a sustainable community by balancing Social Equity, Economic Development and Environmental Stewardship (S.E.E.).

Social Equity

The City will promote a superior quality of life by responding to citizens in a fair and prompt manner, by providing outstanding public safety services, high quality educational, recreational, historical and cultural amenities and superb infrastructure. The City will encourage collaborative participation by its residents, businesses and stakeholders.

Economic Development

The City will provide a diverse and versatile business environment that supports a healthy economy. The city will exhibit a distinctive and welcoming identity at its boundaries and throughout the community. The City will attract, expand and retain viable businesses to promote development and redevelopment, including a town-centered design, pedestrian friendly connections and world class public transit.

Environmental Stewardship

The City will become carbon-neutral by conserving and preserving natural resources and by expanding recycling initiatives and enhancing our environment with earth-friendly practices.

Goals:

- Develop a business climate that provides the right mix of amenities to attract and retain business within the City of Leon Valley;
- Compete for top talent with effective recruitment strategies, efficient recruitment processes, effective retention and an attractive total rewards package;
- Commit to help create an environment where all employees can thrive;
- Support the talent development of our employees through professional and career development;
- Deliver HR services, programs, and communications that add value for our prospective employees, current employees, and retirees;
- Seek ways to increase communication with and involvement of the citizens;
- Develop strategies to mitigate traffic congestion throughout Leon Valley;

- Develop a system of parks, facilities and recreational activities to enhance the quality of life; and
- Effectively manage the City's infrastructure and capital needs.

The City Manager's office partners with the Mayor and City Council in achieving the goals and objectives set forth for the City of Leon Valley. To this end, a key factor is the identification of priorities and the establishment of management procedures that that develops and effectively utilizes City resources. As the City's chief administrative officer, the City Manager's responsibilities include organizational management; fiscal management; program development and city service evaluation. The City Manager must be aware of new methods as they apply to City services. New developments in the area of public policy are researched and analyzed to organize a process of program planning in anticipation of future city needs.

The City Secretary's Office promotes an open and responsive government through proper noticing, recording, preservation of the City's legislative actions and history and of its official documents, supporting administrative needs of the City Council and the City Manager, providing access to public information, conducting fair and impartial City elections, and providing responsive customer service to our diverse external and internal customer base.

The Department of Human Resources is responsible for the administration and management of the City's comprehensive Human Resources program to meet the City's needs for recruitment, retention, risk management, training, and benefit programs, management of workers' compensation, property and liability claims and workforce planning.

PROGRAM NARRATIVE

Accomplishments for FY 2015-2016:

- Coordinated the recognition of City volunteer members and programs;
- Coordinated the Annual Pet Parade Low Cost Vaccination Clinic with the City;
- Through a formal bidding process, coordinated the selection of health insurance broker and city group benefits;
- Successful compliance of the new Affordable Care Act requirements, saving the City money by doing it in house;
- Began implementing Physical Assessments of staffing as established in their essential job functions;

CITY MANAGER AND COUNCIL**GENERAL FUND**

- Department staffing needs were addressed using a multi-source approach using third party agencies, contractors, temp hires, and direct hires to ensure timely response to staffing vacancies and keeping within budget;
- Continued to provide excellent customer service to all internal and external customers;
- Successfully completed phase the third phase Municipal Facility Project;
- Began the re-codification of the City's Code of Ordinances;
- Began using MinuteTraq System to allow all your departments to work together on a single system for drafting, submitting and searching meeting topics and documents in an effort to assist all departments in creating organized Council agendas, packets and minutes in a consistent manner; and
- Began a thorough inventory of all City contracts and agreements.

Objectives for FY 2016-2017:

- Begin the transition to electronic records by continuing to use the Texas State Library and Archives Commission approved standards in the Human Resource Department
- Complete the re-codification of the Code of Ordinances and continue updating web listing of ordinances approved by Council during codification intervals.
- Oversee legal requirements for all City elections, promoting communications to keep voters informed and coordinating joint elections with Bexar County.
- Continue "green" communication efforts to keep the public and employees informed with use of electronic messaging through updated website, emails, Leon Valley ENews, and timely messages on the City's marquees.
- Continue coordinating records management retention to include electronic records-keeping to optimize limited storage and ensure that records are maintained in a usable and accessible condition.
- Continue to process requests for public information with all departments and research ways to make information more readily available to the public using the City's website, when and where possible.
- Continue to promote effective training and current safety programs with the goal of reducing insurance claims: health, workers compensation, and property/liability claims.

DIVISION DESCRIPTION AND MISSION

The Police Department Patrol Division includes seventeen sworn officers who uphold the law, deter crime and protect the public. They provide routine patrol, conduct premise inspections, apprehend and arrest violators of the law and enforce traffic laws and local City Ordinances. Patrol officers are the first at the scene of a crime and can properly protect, preserve and in some cases collect evidence which significantly improves the possibility that an investigator will bring the case to a successful conclusion.

PROGRAM NARRATIVE**Accomplishments for FY 2015-2016:**

- Aggressively enforced City Ordinances.
- Provided our citizens with residential Patrol-By Program.
- Actively recruited, trained, and then utilized Reserve Officers.
- Provided excellent customer service to our residents and visitors alike.

Objectives of FY 2016-2017:

- Maintain a proactive patrol force thus reducing the opportunity to commit a crime.
- Continue to provide our residents with Residential Patrol-By Program.
- Continue to recruit and retain qualified applicants for our Reserve Officer program.
- Respond aggressively to Citizens complaints of traffic violation in neighborhoods and school zones.
- Continue our participation in the San Antonio Police Department High Intensity Drug Trafficking Area Task Force as well as the Drug Enforcement Administration's State and Local Task Force, and as part of these relationships, continue working with all facets of Federal, State and Local governments.
- Continue to remain pro-active in graffiti cases.

DIVISION DESCRIPTION AND MISSION

To assist in the prosecution of perpetrators through investigations. This achievement requires proof in court that a crime was committed and that the person charged did in fact commit the crime. The Detective, therefore, ascertains the facts of the crime and determines who committed it. They will identify and arrest the perpetrators, discover and interview witnesses and compile physical evidence capable of substantiating the appropriate charge in court. The recovery of stolen property that provides additional evidence of complicity and the return of the stolen property to its rightful owner is a further responsibility separate from its use as evidence.

PROGRAM NARRATIVE**Accomplishments for FY 2015-2016:**

- Detectives obtained all State mandated training courses and completed courses in other topic areas, including courses specifically relating to Investigations.
- Continued to seize property and money under both Federal and State guidelines and utilizing these monies for Department projects.
- Continue to provide positive customer service.

Objectives for FY 2016-2017:

- Maintain a proactive investigation force thus reducing the opportunity to commit crime.
- Continue to maintain our professional integrity and reputation with the District Attorney's Office by presenting complete and accurate case filings.
- Utilize the Investigators in our neighborhoods to assist in patrolling Leon Valley.

DEPARTMENT DESCRIPTION AND MISSION

The primary mission of the Fire Department is to prevent and/or minimize the loss of life and property within the corporate limits of the City by establishing control over fires, sudden medical emergencies and the consequences of natural and manmade disasters. The Fire Department accomplishes this mission with three budgetary divisions: Administration, Operations and Emergency Medical Services. The Fire Prevention division is budgeted under Operations.

Contemporary fire departments must be "all-risk" emergency response organizations - capable of responding to a wide variety of incidents. Because of this, firefighters must not only be proficient at their primary tasks (firefighting and emergency medical services) but must also be able to perform complex technical rescues, operate efficiently in multi-casualty situations, work in situations involving release of hazardous chemicals, biological agents, radiological materials, explosions and disasters such as floods. Firefighters are trained in the National Incident Command System, enabling them to effectively interface with other City departments, local agencies, County, State and Federal assets during disaster situations.

DIVISION DESCRIPTION AND MISSION

The Administration Division is divided into two functional sections, Administrative Section and Emergency Management Section.

The mission of the Administration section is to manage the City's multifaceted all-risk emergency services including fire suppression, investigation and prevention, emergency management, rescue, hazardous materials, weapons of mass destruction and emergency medical services. The administration of the Fire Department works with the City Manager to establish levels of service propose new programs or improvements and formulate budget requests.

The mission of the City's Emergency Management Program provides action plans for City emergencies, maintains the Emergency Operations Center (EOC) and other preparedness facilities, maintains emergency warning equipment, and governs overall disaster responses and mitigation capabilities for the City.

The Fire Chief and Assistant Fire Chief are multi-role trained to respond to "all risks" and maintain certifications in structural firefighting, Emergency Medical Services, various types of technical rescue, hazardous materials/WMD, and arson investigation. The Fire Chief maintains certification as a police officer and the Assistant Fire Chief maintains credentials in emergency management. The Fire Chief and Assistant Chief work 8-hour days, five days/week and are subject to recall during emergencies. In addition to the Chief and Assistant Chief, the Administration Division has a part-time administrative assistant.

PROGRAM NARRATIVE**Accomplishments for FY 2015-2016:**

- Ensured that the fire department maintained high quality service and provided excellent customer service.
- Awarded Firewise Communities USA designation by the National Fire Protection Association.
- Implemented new Flood Emergency Response Plan (FERP).
- Implemented FEMA High Water Mark Initiative.

FIRE ADMINISTRATION**GENERAL FUND**

- Successfully petitioned the City of San Antonio to require detention upstream of Leon Valley.
- Recovered \$40,000 in federal funds from the Ambulance Supplemental Payment Program.

Objectives for FY 2016-2017

FIRE OPERATIONS

GENERAL FUND

DIVISION DESCRIPTION AND MISSION

The Operations Division is divided into two functional sections, Operations Section and Fire Prevention Section.

The mission of the Operations section is to provide fire and other emergency services at acceptable levels of customer service and cost. Personnel provide this protection on a day-to-day basis through proper and quality training and by maintaining both themselves and their equipment in a state of readiness. Services provided include fire suppression, vehicle rescue, technical rescue, swift water rescues, hazardous materials response and Weapons of Mass Destruction response.

The mission of the Fire Prevention section is to administer the City's fire and life safety awareness and enforcement programs through proper community awareness, fire and life safety inspections and investigations.

The Operations section staff includes twenty-four uniformed personnel which are divided into three shifts of eight personnel. Shift personnel work 24 hours and then are off duty for 48 hours. During their off-duty time, personnel are subject to emergency recall. The operations staff is trained for multi roles to respond to "all risks" and maintain certifications in structural firefighting, Emergency Medical Services, various types of technical rescue and hazardous materials/WMD.

The Fire Prevention section staff consists of one full-time uniformed person that works 8-hour days, five days/week.

The Deputy Fire Marshal is subject to recall during emergencies. The Deputy Fire Marshal is trained for multiple roles to respond to "all risks" and maintains certifications in structural firefighting, Emergency Medical Services, Peace Officer, Fire Investigation and Building Codes & Inspections as well as various types of technical rescues and hazardous materials/WMD.

DEPARTMENT DESCRIPTION AND MISSION

This department provides 24 hour support for operations and maintenance of the Leon Valley public water supply and distribution system. The mission is to deliver adequate supplies of potable water to approximately 2,500 customers in accordance with Texas Commission on Environmental Quality (TCEQ) and State Fire Insurance Commission regulations. Included is the maintenance of records, reports and support for the water system, and support for the billing department in the reading of meters, customer actions, and new meter installations. Repair of fire hydrants is coordinated with the Fire Department. The Department conducts meter repair and replacement and leak detection programs. The department is also responsible for finding and correcting unaccounted water loss. Leak detection and repair are ongoing functions. Personnel are also involved in Edwards Aquifer Authority (EAA) critical period management plan operations.

PROGRAM NARRATIVE**Accomplishments for FY 2015-2016:**

- Replaced and installed new fire hydrants in Canterfield and Linkwood subdivisions.
- Installed new meters to upgraded touch read meters under the meter replacement program.
- Installed replacement water lines and curb stops as needed.
- Installed new "quick connect" fire hydrants and replaced old hydrants.
- Installed new water and sewer service connections for infill housing development, and commercial development.
- Maintained three elevated storage tanks and one groundwater storage tank.
- Tested backflow protection device for Recycled Water System.
- Maintained the Grass Hill and Huebner Chlorine control systems.
- Conducted annual TCEQ tank inspection.
- Complied with TCEQ, EPA and the San Antonio Health District by providing proper water samples for analysis.
- Repaired leaks under driveways, sidewalks, etc. and replaced materials as needed.

WATER

ENTERPRISE FUND

- Updated water and sewer maps.
- Worked with the EAA and completed a leak detection survey of entire water system. Repaired water mains, service lines, meters and fire hydrants associated with these leaks.
- Prepared capital Improvements Plan (CIP) for installation of two new water wells, SAWS interconnection, rehabilitation of elevated and above ground storage tanks, and replacement of water and sewer mains.
- Conducted water and sewer cost of service and rate study to plan for funding of CIP.
- Increased water and sewer rates to fund CIP.

Objectives for FY 2016-2017:

- Maintain and conduct an annual inspection of the three elevated and one ground storage tanks.
- Fund construction of two new water wells and SAWS interconnection at the Grass Hill station, and begin construction.
- Continue the water meter repair/replacement program.
- Identify and install looped water main lines to remove dead ends.
- Replace fire hydrants as needed with newer "quick-connect" type hydrants.
- Install replacement meters to upgraded touch read meters for meter replacement program.
- Install replacement water lines as needed.
- Identify two priority areas to replace older water mains and replace with C-900 pipe.
- Install replacement curb stops.
- Test backflow protection device for Recycled Water System.
- Maintain the Grass Hill and Huebner Chlorine control system.
- Conduct annual TCEQ tank inspection.
- Conduct water sampling for analysis per the TCEQ. Perform all required reporting.
- Repair any reported leaks under driveways, sidewalks, etc. and replace materials as needed.
- Identify water and sewer mains and rank for replacement
- Replace Canterfield and Sun Valley subdivision fire hydrants and add cut off valve.

DEPARTMENT DESCRIPTION AND MISSION

This department provides 24 hour personnel for operations and maintenance of the sanitary sewer collection system. Included in their responsibilities is the reconstruction of existing sewer mains and services, preparation of required reports, development of long range plans for system replacements, supervision of new construction by developers, support of Finance Department billing operations, clearance of sewer blockages, sewer main cleaning, and providing support of other utility operations.

PROGRAM NARRATIVE**Accomplishments for FY 2015-2016:**

- Performed sewer camera video and sewer jet machine to clear mains and lines.
- Maintained sewer mains and lines.
- Videotaped the Grass Hill sewer lines and worked with City Engineer to develop the Grass Hill Sewer Improvement Project. Bid package completed and construction started.
- Conducted annual sewer line cleaning program.
- Conducted the low-flow toilet replacement program.
- Assisted public with sewer locates.

Objectives for FY 2016-2017:

- Televisive video of sewer mains; commercial and residential.
- Run sewer camera for video and sewer jet machine to clear lines.
- Maintain sewer lines, point repairs, line replacements and install clean outs.
- Continue GPS mapping of sewer manholes.
- Replace damaged sewer mains, identified from videotaped footage.
- Continue the low-flow toilet replacement program.

DEPARTMENT DESCRIPTION AND MISSION

The goal of this program is to reduce the discharge of pollutants to the maximum extent practicable, to protect water quality, and to satisfy the appropriate requirements of the Texas Commission on Environmental Quality (TCEQ) Phase II program under the provisions of Section 402 of the Clean Water Act (CWA) and Chapter 26 of the Texas Water Code (TWC). The program also identifies Leon Valley's legal authority to implement the general permit.

This program describes the manner in which the permit will be administered and provides the basis for the city's development of a budget and fee collection system. The city's authority is explicitly stated in Chapter 30 of the Texas Administrative Code 205.5(a), and Section 26.040 of the Texas Water Code for the Texas Storm Water Discharges from Small MS4s – TCEQ Docket No. 2006-0428-WO TPDES General Permit To Discharge Under the Texas Pollutant Discharge Elimination System TXR040000.

PROGRAM NARRATIVE**Accomplishments for FY 2015-2016:**

- Developed a mapping program system programming GPS coordinates.
- Received approval from TCEQ for MS4 Permit.
- Completed quarterly street sweeping program.
- Identified construction activity for proper storm water runoff control.
- Participate in educational activities such as Earthwise Living Day and 2016 Basura Bash, with coordination of volunteers and cleanup day efforts.
- Installed medallions on storm drain inlets.
- Developed maintenance program for public parking areas.
- Mowed and cleaned debris from Zarzamora and Huebner Creeks.
- Mowed and maintained storm drain inlet/outlets.
- Completed construction of detention pond behind 6320 Bandera.
- Provided staff support to Stormwater Committee.
- Developed Stormwater City-Wide Master Drainage Plan.
- Performed engineering studies at various areas identified as flood/drainage concerns.

Objectives for FY 2016-2017:

- Continue mow and de-silting program for both creeks.

STORM WATER

ENTERPRISE FUND

- Implement maintenance program for public parking areas.
- Develop plan for city-wide flood/drainage remediation projects
- Continue inspections of construction activity to ensure Best Management Practices.
- Complete annual report for MS4 Permit.
- Participate in the 2017 Basura Bash.
- Budget for street sweeper, to move from contracting street sweeping to moving operations in house.
- Conduct Stormwater public education.
- Continue maintenance of storm drains.
- Perform flood/drainage remediation at identified areas as per the Master Drainage Plan of the City
- Mow and maintain storm drain inlet/outlets.
- Install medallions on remaining/new storm drain inlets.
- Continue to provide staff support to Stormwater Committee.

LEOSE ALLOCATION POLICE**GRANT FUND****PROGRAM DESCRIPTION**

Senate Bill 1135, passed by the 74th Texas Legislature, directs the Comptroller of Public Accounts to make an annual allocation from the Law Enforcement Officer Standards and Education (LEOSE) account to qualified law enforcement agencies. Twenty percent of the account is allocated equally among the qualified agencies. The remaining eighty percent is allocated based on the number of eligible law enforcement positions each agency had as of January 1 of the preceding calendar year.

Funds must only be spent on expenses related to the continuing education of qualified persons. Eligible expenses are not limited to tuition or registration fees; they may include equipment (such as TV's and VCR's), subscriptions, or travel expense if they are related to continuing education.

This program includes funds for the Leon Valley Police Department.

LEOSE ALLOCATION FIRE**GRANT FUND****PROGRAM DESCRIPTION**

Senate Bill 1135, passed by the 74th Texas Legislature, directs the Comptroller of Public Accounts to make an annual allocation from the Law Enforcement Officer Standards and Education (LEOSE) account to qualified law enforcement agencies. Twenty percent of the account is allocated equally among the qualified agencies. The remaining eighty percent is allocated based on the number of eligible law enforcement positions each agency had as of January 1 of the preceding calendar year.

Funds must only be spent on expenses related to the continuing education of qualified persons. Eligible expenses are not limited to tuition or registration fees; they may include equipment (such as TV's and VCR's), subscriptions, or travel expense if they are related to continuing education.

This program includes funds for the Leon Valley Fire Department.

LEON VALLEY CRIME PREVENTION AND CONTROL DISTRICT

FUND DESCRIPTION AND MISSION

The Crime Control and Prevention District is a special purpose district created for the purpose of improving crime prevention and reducing crime. In 1989, the Texas Legislature recognized that smaller cities within large metropolitan areas are greatly impacted by big city crime without the big city resources to fight crime problems they face. The Legislature passed the Crime Control and Prevention District Act to enable cities to create a special district that can collect a sales tax specifically dedicated to crime Control and reduction.

On November 5, 2013 the citizens of Leon Valley voted to create a Crime Control and Prevention District that will be supported through a 1/8 percent local sales and use tax.

BUILDING SECURITY FUND

FUND DESCRIPTION AND MISSION

This fund is used to account for security fee proceeds received through Municipal Court operations. Security fee proceeds can only be used to finance the direct cost of personnel services, supplies, contractual services, and capital outlay items directly related to building security.

Art. 102.017 of the Texas Code of Criminal Procedure allows a municipality to create a municipal court building security fund and require a defendant convicted of a misdemeanor offense in municipal court to pay a \$3 security fee as a cost of court. This fee must be deposited in a fund known as the Municipal Court Building Security Fund. These funds may only be used for security personnel, services, and items related to buildings that house the operations of municipal courts. "Security personnel, services and items" include:

- X-ray machines;
- Handheld metal detectors;
- Identification cards and systems;
- Electronic locking and surveillance equipment;
- Video teleconferencing systems, personnel, signage, confiscated weapon inventory and tracking systems;
- Locks, chains, alarms, or similar security devices including bullet-proof glass;
- Continuing education on security issues for court or security personnel; and
- Warrant officers and related equipment.

DEBT SERVICE FUND

FUND DESCRIPTION AND MISSION

The Debt Service Fund is used to account for the accumulation of resources for and the payment of principal and interest on general long-term debt of the City other than revenue bonds. An ad valorem property tax rate is calculated by the City annually. Property taxes are levied on January 1 each year on all taxable property within the City. The taxes become payable on October 1 following the levy date and delinquent on February 1 of the subsequent year. The annual tax levy must be sufficient in amount to meet current year debt payment requirements.

COMMUNITY CENTER FUND

The Community Center Fund is comprised of the operations of two multipurpose centers: the Community Center, and the Conference Center. These Centers are rented to the general public for a fee, and are also used for City sponsored events. The rental revenues off-set operational expenses and a portion of the revenue are also retained for the long term maintenance of the facilities. The Hotel tax revenue fund also supports the Centers' operations.

The Centers are versatile facilities in a park-like setting, and are used for a variety of activities such as civic, private and social functions. The Conference Center was designed specifically for business conferences and events, but is versatile enough to accommodate social events as well. The Conference Center is designed for events up to 150 people, and the Community Center can accommodate up to 300 people. The Centers are also used to host the City's civic events.

The mission of the Leon Valley Community and Conference Centers is to provide a multipurpose venue for area community groups such as senior citizens, civic organizations and others, and to attract clients on a fee basis for use of the facilities for various events such as weddings, graduations, reunions, and special events.

PROGRAM NARRATIVE

- Maximized facility efficiency, cleanliness and maintenance for safety purposes, and for the enhancement of the clients' rental experience.
- New Stove and ice maker installed in the kitchen at the Community Center.
- New portable stage purchased for the Community Center.
- Continued contract services for advertisement of the Community and Conference Centers through a virtual online tour.

Objectives for FY 2016-2017:

- Develop new marketing strategies to generate more revenues.
- Investigate an enterprise-based program for booking and reserving the facilities.
- New durable doors.

STREET MAINTENANCE TAX

FUND DESCRIPTION AND MISSION

The City held an election on November 6, 2007 under Chapter 327 of the Texas Tax Code to adopt an additional 1/4% city sales and use tax for Municipal Street Maintenance. The tax was re-authorized on November 8, 2011. State law requires the creation of a separate fund for these funds.

The sales tax may be used only to maintain and repair municipal streets that existed on the date of the election to adopt the tax.

Item Description:
Semacon S-2200 Bank Grade Single Pocket Currency Discriminator with SmartFeed technology for maximum accuracy.

Description of Benefit from Purchase in Improved Service or Lower Cost:

Business staff requests a cash counting machine that can accept any value of bill in one submitted stack. We found quotes on this machine to range from \$1,700-\$2,100 with a 1 year warranty. It is the same machine used by bank clerks. Clerks spend 1.2 hours per day reconciling. The total cost value to perform this function is \$155 per week. Out of the 1.2 hours, 50% of their time is spent counting cash. The total cost value to perform this function is \$77.20 per week. Clerks estimate that the cash counting machine will reduce the reconciling time by a minimum of 20 minutes per day and provide additional time to perform other customer service functions. We estimate that one machine will pay for itself in 4 months.

Description of Benefit from Purchase in Improved Service or Lower Cost:
Currently, crew uses 5 gallon buckets to spread the oil used in crack sealing streets. A lot of oil is wasted, as we don't have a wand with which to spread the oil directly on the cracks. Additionally, the oil is heated at the shop and then taken to the job site, which allows the oil to cool. The oil must be heated in order to be effective at sealing the cracks. This will also reduce the chance of injury, as the employees will not have to directly handle the oil.

Fiscal Year 2017**

Item Description:
Water rights - 20 acre feet.

Description of Benefit from Purchase in Improved Service or Lower Cost:
Provide for adequate future water supply. The City currently leases 300 acre feet of water and the lease is due to expire in December of 2019. In order to make up the difference, the City can either buy or lease an additional amount of water. It is prudent to purchase the water rights, as any additional not being used can be leased to other entities. A water supply fee and impact fees are charged to the customers for specifically this purpose.
